THE CANE GROWERS' QUARTERLY BULLETIN

VOLUME XXVII

CONTENTS

	Page
Editorial	3
A Ratooning Method Used in the Burdekin District, by J. A. Hucknall	4
Mechanizing the Shovel, by G. H. Whitaker	7
A Time and Labour Saving Device, by G. H. Whitaker	8
Investigations into Basal Stem, Root and Sheath Rot	9
Prospects for the 1963 Sugar Crop, by Norman J. King	10
Varieties May Differ in Their Susceptibility to 2, 4-D	14
Germination Isn't Everything, by J. H. Buzacott	15
Unusual Insect Pests of Cane, by G. Wilson	21
Frenchi Grub Control, by G. Wilson	23
Recommendations for Irrigation Channel Weed Control, by L. S. Chapman	26
High Yields from New Cowpeas Bred by Bureau, by J. C. Skinner	28
Successful Ratoons in Soldier Fly Areas, by R. B. Moller	31
The Mungomeryi Cane Grub, by G. Wilson	32
A Spray Irrigation System Suitable for Quick Installation, by F. Rolleston	33
Editorial	39
Obituary — Herbert Golding Knust	40
Evaluation of Land Suitability, by G. C. Bieske	41
Q.77, by J. H. Buzacott	42
Q.78, by S. O. Skinner	44
Lightning Strike Symptoms in Cane Fields, by N. McD. Smith	46
The Grass Moth	47
Two Vine Weeds, by H. E. Young	48
Cowpea Wilt in "Black Eye 5", by I. M. Cook	50
Rust Disease, by B. T. Egan	52
As Others See Us (from "World Crops")	57
A Two Row Cut-Up Cane Harvester at Bundaberg	58
Cultivation is Useful for Insect Control, by R. B. Moller	59
Soil Management in Mackay District, by C. G. Story	60
Speaking of Nitrogen, by L. G. Vallance	64
Mole Crickets Damage Young Cane, by G. Wilson	66

Page

The Pioneer's Bulletin, by G. Wilson 67

Approved Varieties Changes Forecast 68

Giant Sensitive Plant Control in Cane Fields, by P. E. Theodore and E. H. Fox 69

Editorial 75

What to Plant in the Far North — Mossman to Tully, by J. H. Buzacott and C. A. Rehbein 76

Cane Varieties for Planting in the Lower Burdekin Area, by G. A. Christie 81

What to Plant in the Central District — Proserpine to Plane Creek, by C. G. Story 86

Varieties to Plant in Maryborough, Moreton and Rocky Point Areas, by C. L. Toohey 97

What Varieties to Plant in the Victoria and Macknade Mill Areas, by O. W. D. Myatt and I. J. V. Stewart 103

List of Varieties of Sugar Cane Approved for Planting in 1964 106

Some Practical Aspects of Soldier Fly Control in the Bundaberg District, by R. B. Moller 108

Editorial 111

Weedicides Improved by Wetting Agents, by C. A. Rehbein 112

Fighting Cane Diseases on the Burdekin 114

Some Problems Associated with Expansion, by Norman J. King 115

Meringa Cowpea — A New Legume, by J. H. Buzacott 119

Wallaby Control, by I. T. Freshwater 120

Fifty Years on the Bundaberg Experiment Station, by Norman J. King 122

Mercurial Treatment Hastens Germination, by S. O. Skinner 124

Control of the Childers Cane Grub, by J. Anderson 129

The Sour Cane Problem, by B. T. Egan 133

Where Are the New Guinea Canes ? by J. H. Buzacott ... 135

A Fertilizer Trial at Abergowrie, by K. C. Leverington 137

Co. 475 138

New Weevil Pest of Sugar Cane, by R. H. Robinson and I. M. Cook 139

From a Bureau Plant Breeding Report 140

A Mechanical Aid to Laying Rat Baits, by P. Volp 141

New Varieties in the Isis Area, by J. Anderson 142

Page

VOLUME XXVIII

Editorial 3

A New Type of Spreader for Broadcasting Insecticide, by R. B. Moller 4

Severe BHC Damage, by I. T. Freshwater 6

Disease Notes 7

Meringa Field Day Address, by Norman J. King 8

Menace of Giant Sensitive Plant in New Lands, by L. G. Vallance 11

Mosaic Affects Release of Triton at Nambour 14

Sooty Mould on Cane, by B. E. Hitchcock 15

Improving Germinations in Hot Water Treated Cane, by J. L. McGee 16

Supplementary Irrigation in the Central District, by C. G. Story 21

Irrigation Investigations 25

More N. Co. 310 at Isis ? by J. Anderson 26

Johnson Grass Problem at Ayr 28

Quality of Irrigation Water, by J. Wesdorp 29

Nitrogen and Efficient Farming, by L. G. Vallance 32

Some Frost Observations in the Carmila West Area, 1963 by C. M. McAleese 34

The Bureau's Maryborough Centre 36

Editorial 39

Damage to Plant Cane from Broadcast Application of Crude BHC Dust, by R. B. Moller 40

Phosphate Requirements of New Soils, by R. B. Moller 42

Land Drainage Demonstrated at Rocky Point, by C. G. Story and C. L. Toohey 44

Cane Varieties and Drought Resistance 47

Greyback Grub Control : Amended Recommendations, by G. Wilson 48

Beware of Replant Blocks as a Source of Plants, by B. T. Egan 50

Fertilizers for New Land in the Isis Area, by J. Anderson 51

Manual of Cane Growing 52

The Effect of Cane Variety on District Sugar Production, by Norman J. King 57

A New Fertilizer Plant 58

Manual of Cane Growing 58

Ratoon Stunting Disease Threatens Q.71, by N. McD. Smith 59
